- **Others:** Git, Github, Docker, Firebase, Figma, Nginx, REST API, GraphQL, Postman, Linux, Vercel, Netlify,

PROJECTS

Next.js	Enlighten language platform Language exchange platform with real-time chat, group conversations, and cultural exchange features. Built using Next.js, Tailwind CSS, Redux, Express.js, and Socket.IO. enlighten-language-platform.vercel.app
Next.js	Personal Portfolio & Blog A professional personal website to showcase projects, technical blogs, and achievements. Developed with Next.js for fast rendering, Tailwind CSS for modern responsive design, and Three.js for interactive 3D animations. Fully optimized for SEO, mobile responsiveness, and cross-browser compatibility. www.mhadnan.com
MERN	Real-Time Chat Application A real-time messaging application with secure user authentication, one-to-one and group chats, and message history storage. Implemented instant communication using Socket.IO, and integrated MongoDB for persistent data storage. Built with React.js (frontend), Node.js + Express (backend), and deployed for scalable use. chat-app-adnan.netlify.app
